Successful Cooperation – Industrial Bridge 2019

Dear Sir and Madam,

We as Chamber of Industry and Commerce in Rostock were involved together with the Enterprise Europe Mecklenburg-Vorpommern in organising a two-day company mission to the Polish city of Szczecin in November 2019. We would like to thank you for the very successful cooperation concerning the company mission and the B2B brokerage event „Industrial Bridge 2019”. The cooperation was well structured, transparent and always focused towards the added value for the international business support between Germany and Poland.

In this context we would like to confirm and recommend Regional Center for Innovation and Technology Transfer (RCliTT) as a trustful and reliable partner in the area of business support.

Dziękuję bardzo

With kind regards

Tobias Klein
Coordinator Enterprise Europe Network Mecklenburg-Vorpommern
Department of Trade, Service, Tourism, Foreign Trade, Europe
Chamber of Industry and Commerce Rostock
